ABOUT ME

Highly motivated and enthusiastic fresher seeking an entry-level position in industry to utilize my skills, education and contribute to the success of an organization. I am eager to learn and grow in a professional environment while making a positive impact. I believe that every challenge is an opportunity to learn, and I'm committed to continuous improvement in all aspects of my life.

PROJECTS

Project on Bill Generating Application

This is an console based application. It's main goal is to make the billing system easier. To achieve this i used OOPs concepts like "Inheritance" and "Polymorphism". For data management i used "MySQL" database software.

Tool : Java, MySQL

Project on College Enrollment Application

This is an console based application. It's main goal is to make the fresher to fill their course enrollment application. The main motive for this application is to store the details of the student enrollment through this. It supports the CRUD.

Tool : Java, MySQL

AREA OF INTEREST

Programming

Data Structure and Algorithms

Computer Hardware

CODING PLATFORMS

LeetCode

Easy : 275

Medium : 180

Hard : 19

Skillrack

Problem Solved : 1500+

Hacker Rank

C : 4 Stars

Python : 3 Starts

Java : 3 Stars

Guvi

Completed IIT Madras Python Course in GUVI.
